\*Resolutions that pass shall be presented at the respective upcoming county or district convention and again discussed and voted. Continued PASS votes will cause the resolution to be sent up to the Congressional District Conventions and ultimately to the State Convention, May 15-16, 2020 in Rochester, MN.

On April 23, 2019, the DFL House majority **approved language to mandate** every Pre K-12<sup>th</sup> grade public/charter school to teach **“Comprehensive” Sexuality Education (CSE)**.

CSE removes all natural and protective boundaries for children and teens, encouraging early **sexual exploration** in graphic detail.

CSE uses **pornographic illustrations** and graphic descriptions to teach children as young as 10 that all “consensual” **sexual activity** is their “right.”

CSE teaches kids how to:

- “Consent” to sex
- **Masturbate**
- Experience climax
- Claim bodily autonomy for **abortion rights**
- Promote sexual orientations and **gender identities**
- Have ‘safe’ **vaginal, oral and anal sex**
- Get referrals for abortion and gender counseling with **no parental consent** or notification

**Additional information on page 2:**

- Health Education is already a school requirement in Minnesota statute. The CSE legislation passed in the House by the DFL allows unlicensed Planned Parenthood and gender identity activists into your child’s classroom to teach dangerous and unhealthy practices. The bill remains on the table in the Senate;
- Planned Parenthood is the largest provider of CSE in Minnesota. They and other CSE advocates promote a curriculum called *It’s Perfectly Normal*, already in many Minnesota school libraries;
- Planned Parenthood lobbies for a CSE mandate, teaches it, funds it and promotes it across the country;
- CSE actually grooms children for early sexual activity making them vulnerable targets for sexual abuse, experimentation and trafficking;
- According to the FBI, sexual predators “groom” children with pornographic images and explicit sexual instruction to remove natural defenses. We call that criminal. Planned Parenthood calls it “education” and says it’s perfectly normal;
- The MN School Board Association is urging all school districts to adopt a resolution to the legislature opposing state curricular mandates: to “retain a school district’s local authority in determining curriculum, course offerings, graduation requirements and other locally developed standards.”

“Sexual intercourse - ‘having sex’ - can involve the penis and the vagina, or the mouth and the genitals, or the penis and the anus.”

[Sample of *It’s Perfectly Normal* graphic, promoted by Planned Parenthood, saying it’s appropriate for 10 year olds.] →

Planned Parenthood on Tumblr: “Since the number of sexual partners you’ve had doesn’t say anything about your character, your morals, or your personality – or about anything at all really– there’s nothing bad or unhealthy about having a big number of sexual partners.”

CSE is an ideological strategy promoted by advocates as a “culture shift” to “dismantle white supremacy,” promote abortion, and instill gender fluid norms.
