

**Coming soon to MN!**  
**Teachers must demonstrate a Marxist worldview  
to obtain their teaching license**

**Take Action On Teacher Licensing**

- **Contact the Governor**

The Governor is the top authority over all of state government. **PELSB is the Governor's appointed governing body** over teaching. The Rules and Standards that PELSB adopts **have the authority of state law**. Contact Governor Walz **to express your concerns**. <https://mn.gov/governor/contact/>

- **Contact Governor and Legislative Candidates**

If Minnesota is to stop its free-fall into Marxist indoctrination in our schools, **the entire government education establishment must be replaced**.

- **Any candidate for Governor needs to answer this question:**

Will you replace the members of PELSB with members who **refuse to allow** schools to be used to fight a culture war against our nation, but who **will respect** traditional American moral and civil values and constitutional principles, and **who will focus** schools on teaching academic knowledge and skills, not transforming students into political activists for the Left?

**The legislature has authority over state government** by what they fund and what policies they pass. PELSB overstepped legislative bounds in 2019 when they redefined "cultural competency" in teacher training **contrary to the legislature's specific definition**, and the legislature has not held them accountable. PELSB is an agency gone rogue, and **the 2023 legislature must reverse these destructive policies**.

- **Each legislative candidate needs to answer this question:**

Will you commit to reining in the radical PELSB board, as well as the Minnesota Department of Education? [Minnesota Teacher Licensing and Standards Draft Revision \(PDF\)](#)
