

Precinct Caucus Resolution February 1, 2022

Opposing Comprehensive Sex Education

BE IT RESOLVED that we oppose any state legislative mandate to require Minnesota public/charter schools to teach Comprehensive Sex Education (CSE), and we call on all school districts to remove it or refuse to adopt it.

Background Information

Comprehensive” Sexuality Education (CSE) was first introduced in 2019. That year, the Democrat House majority **voted to mandate** every Pre K-12th grade public/charter school to teach CSE. It failed in the Republican controlled Senate. The Democrats continue to reintroduce the bill.

CSE removes all natural and protective boundaries for children and teens, encouraging early **sexual exploration** in graphic detail.

CSE uses **pornographic illustrations** and graphic descriptions to teach children as young as 10 that all “consensual” **sexual activity** is their “right.”

CSE teaches kids how to:

- “Consent” to sex
- **Masturbate**
- Experience climax
- Claim bodily autonomy for **abortion rights**
- Promote sexual orientations and **gender identities**
- Have ‘safe’ **vaginal, oral and anal sex**
- Get referrals for abortion and gender counseling with **no parental consent** or notification

.Talking Points for Opposing Comprehensive Sex Education

Note: Summit the resolution portion to the precinct chair. Use the talking points to defend the resolution if necessary.

- Health Education is already a school requirement in Minnesota statute. The CSE legislation passed in the House by the Democrat majority allows unlicensed Planned Parenthood and gender identity activists into your child's classroom to teach dangerous and unhealthy practices.
- Planned Parenthood is the largest provider of CSE in Minnesota. They and other CSE advocates promote a curriculum called *It's Perfectly Normal*, already in many Minnesota school libraries.
- Planned Parenthood lobbies for a CSE mandate, teaches it, funds it, and promotes it across the country.
- CSE grooms children for early sexual activity making them vulnerable targets for sexual abuse, experimentation and trafficking.
- According to the FBI, sexual predators "groom" children with pornographic images and explicit sexual instruction to remove natural defenses. We call that criminal. Planned Parenthood calls it "education" and says it's perfectly normal;

"Sexual intercourse - 'having sex' - can involve the penis and the vagina, or the mouth and the genitals, or the penis and the anus."

[Sample of *It's Perfectly Normal* graphic, promoted by Planned Parenthood, saying it's appropriate for 10-year-olds.] →

Planned Parenthood on Tumblr: *"Since the number of sexual partners you've had doesn't say anything about your character, your morals, or your personality - or about anything at all really- there's nothing bad or unhealthy about having a big number of sexual partners."*

CSE is an ideological strategy promoted by its advocates as a "culture shift" to "dismantle white supremacy," promote abortion, and instill gender fluid norms.
